Supersedes AMCMD 706, Paragraph 2.2  
and Attachment 3, 18 May 1994

Pages: 4  
Distribution: F

---

This mission directive implements policy guidance in AFDPD 10-1, *Mission Directives*, AFI 10-101, *Format and Content of Mission Directives*, and AFI 38-101, *Air Force Organization*. The mission directive defines the mission, command relationship, organization, and responsibilities of the Civil Engineer Squadron. It also applies to the Air National Guard and Air Force Reserve units, effective upon the date of unit activation. **AMCMD 706 will be superseded in phases. Each organization identified in AMCMD 706 will be replaced by a AMCMD 7XX series publication. Once all Mission Directives have been issued, AMCMD 706 will be rescinded in its entirety.**

***SUMMARY OF REVISIONS***

**This document is substantially revised and must be completely reviewed.**

**1. Mission.** The Civil Engineer Squadron maintains engineering teams for worldwide contingency operations. Constructs and maintains facilities and infrastructure to support the wing and its tenant units. Ensures effective disaster and emergency response and protects facilities, infrastructure, environment, people, and critical assets necessary to effectively perform and support its base mission.

**2. Command.** The Civil Engineer Squadron is assigned to the Mission Support Group.

**3. Responsibilities:**

3.1. Provides mission-ready civil engineer forces to support Air and Space Expeditionary Force and contingency taskings.

3.2. Provides Full Spectrum Threat Response planning and operations to align with AFI 10-2501, *Full Spectrum Threat Response Planning and Operations*.

- 3.3. Provides explosive ordnance disposal support.
- 3.4. Provides fire protection, fire prevention, and emergencies services.
- 3.5. Maintains base roads, grounds, and facilities, including family housing.
- 3.6. Operates, maintains, and repairs utilities, as required.
- 3.7. Maintains AMC CE squadron owned bare base facility assets.
- 3.8. Manages family housing and dormitories.
- 3.9. Manages environmental compliance, cleanup, pollution prevention, environmental impact analysis process, and natural/cultural resource conservation programs.
- 3.10. Programs, develops comprehensive plans, executes and performs/oversees design and execution of construction, renovation, and repair projects.
- 3.11. Budgets and manages contracts critical to the operational mission of the installation; including utilities, custodial, grounds maintenance, refuse, sewer, hoists and cranes inspection, and other designated real property installed equipment.
- 3.12. Supports the design and construction of new facilities/utilities/housing, etc., as well as maintaining existing facilities and infrastructure.
- 3.13. Responsible for the Civil Engineering interface with wing Manpower, Financial Management, Information Technology support, and Real Estate actions.

PAUL W. ESSEX, Major General, USAF  
Director of Plans and Programs
